

Suntan Art Center is providing an opportunity for you and your friends to get together each month starting in October, through April, on the second Friday of the month for a fun filled time in a relaxed Atmosphere, artist and non artists together for a taste of something new.

No previous experience necessary. No supplies to buy. No long term commitment. Each taste is designed for you to finish the project in the time allotted. Each "taste" includes a "taste" of what we normally associate taste with — food. Several of the beach restaurants will be providing a "taste" of what they offer.

A paid registration will ensure your place. Register for as many "tastes" as you like. The fee for each "Taste" is \$20, unless otherwise stated. You can mail in your registration, stop in at the office or call it in. Waiting lists will be kept for each class. Our talented instructors are well recognized in their field. Many of our instructors have an on going class or will be offering an opportunity to learn more.
